

Thank You - Weight Loss Treatment

Dear Rachel,

I can confirm I lost one stone (6.3kg) in six weeks using exclusively the weight loss herbal treatment in Novel Concepts Medical study. No other diet or food change. During these six weeks I walked 30 minutes a day, no other sports. In the weeks before I started taking your formula I walked 15 minutes a day.

I am on my way using your formula to get back my ideal weight.
